

Point Group Homework

September 27-28th 2025

Pastor John Houston

Warm-up

Have you ever bought something totally worth the money? Something you'd replace immediately if needed?

What's the most generous act (big or small) you've ever seen someone do?

Know It

Philippians 4:10–23

In Philippians 4:11–13, Paul talks about learning contentment. What do you notice about how Paul describes being “content” in every circumstance?

According to verses 14–18, what role did the Philippians play in Paul's ministry? What stands out to you about their partnership?

In verse 19, Paul makes a powerful promise. What do you observe about who meets needs and how those needs are supplied?

Live It

If giving is supposed to be a “priority” (first fruits), how could that challenge or change the way you handle your finances right now?

Paul talks about giving as both a sacrifice and a blessing. How have you personally experienced God providing when you’ve been generous?

Do you feel like God is asking you to take a step on the ladder? What’s one action you can commit to this week?

How can your Point Group be praying for you in this area? Be specific.
